

How we've evolved

2017

Bio-Ax® All-in-One System

Including:

- Live stream video/audio/data,
- GPS tracked SOS/Panic alarm,
- Licence free CMS/VMS/Dems software,
- Compliant with UK Home Office Technical Guidance Requirements (July 2018) and BS EN 8593:2017.

2015

Chest Camera System

Our advanced digital video/audio capture system with instant visual display and playback, recorded onto a Solid State SDHC Card. Using bespoke security software and high specification camera technology for excellent day and night evidence gathering. Lightweight, tamper proof and evidence admissible.

2010

eWitness System

More robust, user friendly touchscreen and unique LawMate DVR head camera.

2007

Cylon AV604 Head Cam

Improved slim-line DVR. UK Home Office publish guidance following use of our devices.

2005

Cylon AV500 Head Cam

First Audax® head cam system launched. Immediate success with police forces and home office.

- First used July 2005, G8 - Glenagles Summit
- First ever order by UK Police Force.

2004

JOURNEY BEGAN
